

National curriculum: - Identify and name a variety of common animals that are Carnivores, herbivores and omnivores in a garden pond . Using their observations and ideas to suggest answers to questions.

Learning objective:

To know what a habitat is and to be able to name a variety of plants and animals in their habitats.

Key questions:

What is a habitat?

What does the habitat provide for the animals and plants?

What is a micro-habitat

Task 1

Let's play a game to understand what is a habitat?

Click the link- <https://www.abpischools.org.uk/topic/animal-habitats/2>

Task 2-

How is white fur useful to polar bears?

How are trunks useful to elephants?

Task 3-

Choose 2 animals of your choice. Write down 3 things that are the same and 3 things that are different about your two animals:

Same:

Different:

Which animal lives in a hotter habitat?

Which animal lives in a wetter habitat?

Task 4-

Which is your favourite animal and why? Draw your favourite animal.

Task-5

Complete your activity on DBPrimary.
